To: Telephone Companies New to South Carolina

In an effort to continue providing quality emergency services to the citizens of South Carolina, the State 911 Office requests that before beginning telephone services in a county, you contact the 911 Coordinator in that county. This will allow both parties to obtain important information about providing 911 services in that county. If you have already begun services, then contact the coordinator as soon as possible.

A list of County 911 Coordinators can be found on the South Carolina E911 homepage at www.ors.state.sc.us/digital/E-911.ASP. If you have any questions related to 911 in South Carolina, you may contact E911 Coordinations at the Office of Research and Statistics at 803-734-3883. The person responsible for this can also be found on the 911 homepage. Please be aware that some cities may have their own E911 systems, these are also listed on the 911 homepage. These city coordinators will need to be contacted in addition to the county coordinators.
